

We want you to feel at home!

We welcome transients and will do our best to accommodate your specific needs both sail and power. We have both fixed and floating docks each of which has its own water and power (30-50amp) station.

Our docks are well lit at night and our bathrooms and shower facilities are clean and well maintained. As a transient you have access to the entire facility including our pool, the picnic tables, gas grills and for the fishermen – our fish cleaning station.

We love staying with you each July! Our family enjoys the pool, the excellent food at the deli and we just appreciate how well you maintain everything. Keep up the good work! -Mary and Steve A.

For those of you who may be visiting us for the first time, we ask you to:

- Help us keep the Marina shipshape. Recycle glass, plastic, cans, newspaper & cardboard in the designated containers. Dispose of non-recyclable garbage in the dumpster.
