SHRINK WRAP RATES

Three Belles Marina makes every effort to shrinkwrap our winter storage customers in a timely manner. We have an experienced team who will be working closely with our office staff to shrinkwrap boats as soon as they are hauled. You can help the process go smoothly by making sure your vessel is ready for shrinkwrapping prior to your hauling date.

Our pricing includes all materials as well as a standard door and vents to reduce moisture in each boat. We also need your understanding and cooperation so that the bulk of the work is not left to the very end of the haul-out season. It is our intent to shrink wrap your boat as soon as possible following the boats scheduled haul. If you intend to remove any items from your boat or do any winterization work it must be completed prior to hauling.
